

SCREENS

Admin/Merchant Login Page

The image shows a login interface titled "MEMBER LOGIN" on a dark gray background. The interface includes a text input field for the username, which contains the text "admin", and a password input field with masked characters. Below these fields are two radio buttons labeled "Admin" and "Merchant", with the "Merchant" option selected. A "Login" button with a right-pointing arrow is positioned at the bottom. To the right of the input fields is an illustration of three people in business attire and a padlock icon.

USER'S VIEW

Main Page

SignUp

The screenshot shows the sign-up page of the online shop. The header is identical to the main page, but it includes a "REGISTER NOW" button and a "Log In" link. The search bar and navigation bar remain the same. The central area features a "Sign-Up Form" with the following fields and options:

- Name:** A text input field with the placeholder "enter first name".
- Username:** A text input field containing the text "admin".
- Password:** A text input field with masked characters "•••••".
- Address:** A large text area with the placeholder "enter your mailing address".
- Email Id:** A text input field with the placeholder "your@email.com".
- Contact Number:** A text input field with the placeholder "enter your contact number".
- Gender:** Two radio button options: "Male" (selected) and "Female".

At the bottom of the form, there are "Submit" and "Reset" buttons.

Stilettoes (63)

Description Stilettoes
A pair of heels will add height on to the wearer. Stylish heels like high stilettos tend to draw the most attention, so stilettos may be the perfect choice if a woman is looking to turn heads. Heels with stunning accents will also draw more attention than plain heels, and exotic heels are an excellent way for a woman to add a focal point to an outfit.

Books & Media Electronics Men Women Baby & Kid's Home & Furniture Auto & Sports	<p>This part of web application deals with the Customer and provide him the facility to buy and pay for products online. The system should also provide flexibility to configure its components without much extra effort and the system should have clearly defined interfaces. The system must reflect the structure of the application it is going to server with well-defined structure processes. In addition, the system must be able to cope with well-defined structure processes. The success of the system depends largely on how accurately a problem is defined, thoroughly investigated and properly carried out through the choice of solution. So one must know what the problem is before it can be solved. The basis for candidate system is recognition of a need for improving an information system or a procedure. This need leads to a preliminary survey or initial investigation to determine whether an alternative system can solve the problem or not. The system should satisfy the standards and requirements of good software.</p> <div>  <p>Shopping Website</p> </div>
